

ORU accepts transfer hours for course work earned at regionally accredited colleges and universities (no remedial or orientation courses accepted). Only courses in which a grade of "C" or better is earned can be considered for transfer. The GPA from another institution will not be transferred to ORU, only the credit hours. A course that transferred in as an elective, but that might meet major, concentration, cognate, minor or general education requirements, may be petitioned for approval from the department chair in which a course is offered at ORU to be accepted for an equivalent ORU course.
