Street Address, City State ZIP Code | Email | Telephone

OBJECTIVE | To attend Oral Roberts University in order to be equipped for all that God has called me to do. To be raised up to hear God's voice. To go where His light is dim, and where His healing power is not known.

INTELLECTUALLY ALERT | I have graduated from Specific University with a degree in Specific Bachelors with a Grade Point Average of Specific GPA. I have also been involved in several fellowship programs as well as tutoring programs for my fellow students. I have also made the Dean's list three out of my four years at University.

PHYSICALLY DISCIPLINED | I am involved with on-campus intermural programs including basketball, football and indoor soccer. I am also involved in a running group that meets every Saturday and runs on average 10 miles a meeting. I am also a part of a local cooking organization that is dedicated to helping raise awareness on healthy and affordable cooking and eating.

SPIRITUALLY ALIVE | I would describe my relationship with the Lord as in process. I am always striving to enter into His grace and love. He has grown me so much these past few years through personal growth, as well as being part of specific organizations. I am currently involved with the youth group at church helping teaching freshmen through juniors in high school. I also was a chaplain on my floor two out of the four years I was in undergrad. I have also attended two mission trips—one to Kingston, Jamaica and the other to Iquay, Dominican Republic. I believe that through serving we can really understand and grow in the love of God.

SOCIALLY ADEPT | As stated previous I believe that service to the Kingdom of Heaven through serving the community is the Will of God. I have been a part of several clubs within the community including Big Brothers, Big Sisters and Habitat for Humanity. I have also helped with the speech and drama department at a local high school to connect to students from my youth group and help positively influence kids in the local school.

PROFESSIONALLY COMPETENT | I have worked with Apple for three years. I started as a Red Zone Specialist or a sales representative. I decided to be cross-trained to also assist customers with any technical issues they were having with their devices. I eventually was promoted to a Creative, working with educational workshops we offer within the store.
